I have deposited my gift of R.....

Directly into our **FNB Bank Account 62257945059**

Account Name: **KEEP THE DREAM 196 6MM**

Branch: **Modjadjiskloof Limpopo**

Branch Code: **250655**

Keep The Dream196 is a Children's Rights Based Non Governmental Organization based in Mopani District that has been operating essentially since 2003 in Greater Tzaneen. We have a passion for children and to see children become all they dream they can be. Primarily we work through Community Based Organizations we train their Caregivers to support all children within their communities with a myriad of skills and practical support. The children are invited to join Scouts a life skills development program which starts at the age of 5yrs and continues for life. The program offers age appropriate skills, personal and interpersonal skills development including leadership, team building, self esteem and resilience promotion.

The Scouts is the vehicle we use overall to broaden the children's experiences, with sound morals and values woven throughout the program. The aim of the program is to assist children to grow holistically (body, soul and spirit) and to enable the child to see themselves as an important component of their community and South Africa. Children have a role to play in building their local communities as role models for other children and also as leaders for the future.

We target specifically however not exclusively children who are orphaned or vulnerable through life experiences. Currently we have over 2,300 children meeting together on a weekly basis throughout Greater Tzaneen in 80 different villages.

Through sponsorship we are able to take children away camping, hiking, learning new skills such as team building, problem solving as well as HIV/AIDS education, drama training, food security and vegetable garden building, environmental health, First Aid Training to name a few activities. The emphasis is on building the child holistically to face the challenges life will bring in a supportive and encouraging environment.

R100/month over 12months will enable 10 children to go to camp and experience nature in a whole new light, here they will learn to work as a team and be trained in a variety of life skills.

R1,000/month over 24months will enable 1,000 children to participate in a 2year program of learning how to build door sized vegetable gardens including: recycling, composting, gray water harvesting, crop rotation and use of natural pesticides. This reduces poverty and dependence on government welfare systems
